EDUCATION

Universitas Teknokrat Indonesia
Informatics Bachelors
GPA: 3.46

Bandar Lampung, Lampung
july 2017 - November 2021

EXPERIENCE

Dinas Perpustakaan dan Kearsipan Provinsi Lampung | On Job Training
Lampung | Juli 2020 - September 2020

Bandar Lampung,

During my internship at the Provincial Library and Archives Office of Lampung, I was responsible for managing both physical and digital documents and archives, including the digitization of important records for preservation. I assisted in the administration of archive data entry and reporting, while also participating in library services such as book lending and organizing collections. Additionally, I supported the promotion of library services and contributed to the development of the library's information system. This experience helped me develop skills in administration, archive management, and technology-based library services.
